Product Description:

- ▶ Amino-Boost 14-2-4 proven amino acid technology improves overall performance when used with plant growth regulators and fungicides.
- ▶ Amino-Boost 14-2-4 contains plant available Amino Acids that significantly increase nutrient uptake and utilization. Amino Acids help the plant maintain proper metabolic functions giving it a unique health advantage.
- ▶ Amino-Boost 14-2-4 is a fertilizer that is immediately available to the plant. This is especially important when the plant is under stress and the roots have a difficult time meeting the demands of the plant. 14-2-4 will provide the plant with necessary nutrients and amino acids.
