

GENERAL INFORMATION

AQUA-AID® liquid can be injected through irrigation systems and/or tank mixed for spray applications. A de-foamer may be required when tank mixing AQUA-AID liquid. AQUA-AID liquid is compatible with most chemicals. If in question, mix a test sample first. AQUA-AID liquid should be applied at a dilution rate of 1:100 or greater.

CONDITIONS OF SALE

WARRANTY AND LIMITATION OF LIABILITY

Aqua-Aid, Inc. (Seller) warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with the stated directions under normal conditions of use. Buyer assumes the risk of any use contrary to such directions. Seller makes no other express or implied warranty of FITNESS or of MERCHANTABILITY, and no agent of Seller is authorized to do so except in writing with a specific reference to this warranty. In no event shall Seller's liability for any breach of warranty exceed the purchase price of the material as to which a claim is made.

CAUTION

KEEP OUT OF THE REACH OF CHILDREN.
MAY BE HARMFUL IF SWALLOWED.
EYE IRRITANT.
