

Carbo-Aid®

Microbial Food Supplement

Carbo-Aid® liquid is a complex carbohydrate based microbial food supplement comprised of non-plant food ingredients (complex natural sugars and proteins) with a Brix level greater than 50%. **Carbo-Aid** also contains North Atlantic kelp and non-ionic surfactants. **Carbo-Aid** can be injected through irrigation systems and/or tank mixed for spray applications. Apply at temperatures below 85° F (29.5°C). **Carbo-Aid** is effective both in the root zone and as a foliar spray. Do not apply over 10 gallons per acre per month (94 liters per hectare per month). Water in after application. **Carbo-Aid** is designed to be used in conjunction with a normal fertilization program. Follow the label directions carefully. **Carbo-Aid** is compatible with most chemical mixtures with exception to calcium based products. If in question, mix a test sample first.

DIRECTIONS FOR USE

TURF

Inject 2.5 to 5 gallons of **Carbo-Aid** per acre (23 to 46 liters per hectare) every 2 to 4 weeks throughout the growing season. Tank mix 4 to 8 ounces of **Carbo-Aid** per 1000 ft² (127 to 255 ml per 100 m²) every 2 to 4 weeks throughout the growing season.

SOD and SPRIGGING

Inject or tank mix 3 gallons of **Carbo-Aid** per acre (28 liters per hectare). Apply two applications the first month at 16 day intervals. Repeat with 2.5 to 6 gallons per acre (23 to 56 liters per hectare) every 2 to 4 weeks throughout the growing season.

MIXING WITH OTHER NUTRIENTS

Dilute **Carbo-Aid** with water before mixing with liquid fertilizer. Agitate tank mix during application. Do not mix **Carbo-Aid** with liquid lime, calcium nitrate and/or high carbonate-bicarbonate complex water.

When applying **Carbo-Aid**, temporary chlorosis may be experienced on turf under a low nitrogen program. Timing the use of **Carbo-Aid** with a scheduled fertilizer application should prevent any chlorosis and have the beneficial effect of stabilizing the applied nutrients.

For more detailed use information, call 1-800-394-1551.

CONDITIONS OF SALE

AQUA-AID, INC. (Seller) warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with the stated directions under normal conditions of use. Buyer assumes the risk of any use contrary to such directions. Seller makes no other express or implied warranty of fitness or of merchantability, and no agent of Seller is authorized to do so except in writing with a specific reference to this warranty. In no event shall Seller's liability for any breach of warranty exceed the purchase price of the material as to which a claim is made.

ACTIVE INGREDIENT: 80% . . . Complex Natural Sugars and Proteins
2.5% . . . North Atlantic Kelp
2% . . . Non-Ionic Surfactant

NOT A PLANT FOOD INGREDIENT

NOT A FERTILIZER

PRECAUTIONARY STATEMENTS

NOTICE: Before using this product read the entire Precautionary Statements, Conditions of Sale, Directions for Use and Storage and Disposal instructions. If the Conditions of Sale is not acceptable, return the product unopened within thirty days of purchase to the place of purchase.

CAUTION: Keep out of reach of children. IN CASE OF EMERGENCY OR SPILL, Contact Hazmat Response - 1 (800) 229-5252.

FIRST AID MEASURES IN CASE OF CONTACT

Eye Contact: DO NOT RUB EYES. Immediately flush eyes with large amounts of water for 15 minutes lifting the lower and upper lids. Seek medical attention if necessary.

Skin Contact: Remove contaminated clothing and immediately wash affected area with large amounts of water for at least 5 minutes. If irritation or redness persists, seek medical attention as needed.

If Swallowed: Give large amounts of water to drink. Seek medical attention if necessary. Induce vomiting only upon advice from a physician.

Inhalation: Move individual to fresh air and check to assure adequate respiration. Seek medical attention if necessary.

STORAGE AND DISPOSAL

Prohibitions: Do not contaminate water, food or feed by storage, disposal or cleaning of equipment.

Storage: Store in original container only and keep sealed. Store in closed storage area. Use caution when moving, closing or pouring. Do not store below 45°F (7°C). Some settling may occur. Shake container (as practical) before use.

Product Disposal: Improper disposal of excess spray mixtures or rinsate is a violation of federal law. Waste resulting from use of this product should be disposed of through on-site spray application or at an approved waste disposal facility.

Container Disposal: Triple rinse (or equivalent), then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or other procedures approved by state and local authorities.

SHAKE WELL BEFORE USE

Net Contents	Net Weight
☐ 2.5 Gallons (9.46 L)	25.65 Lbs (11.63 Kg)
☐ 5 Gallons (18.93 L)	51.30 Lbs (23.27 Kg)
