

PBS¹⁵⁰ G is the granular formulation of **PBS¹⁵⁰** which represents new technology for long-term surfactants used for turfgrass. Unlike older surfactant chemistries that are applied at higher rates to achieve longer lasting performance, **PBS¹⁵⁰** uses a unique new surfactant molecular construction to address the source of performance loss – *biodegradation of the surfactant molecule by soil microbes*.

- Reduce hydrophobic conditions on a sustainable basis for 150 days or more
- Encourage a pattern of hydration and re-hydration that improves the amount of available water in the soil profile to meet the metabolic demands of the plant
- Restore the uniform movement of water into and through the soil matrix
- Promote improvement in turfgrass quality, color, and uniformity
- Improve heat and water stress tolerance
- Money Back Guarantee

PRECAUTIONARY STATEMENTS

NOTICE: Before using this product read the entire Precautionary Statements, Limited Warranty and Disclaimers, Directions for Use and Storage and Disposal instructions. If the Disclaimer of Warranties is not acceptable, return the product unopened within thirty days of purchase to the place of purchase.

CAUTION: Keep out of reach of children.

LIMITED WARRANTY AND DISCLAIMERS

AQUA-AID, INC. (Seller) warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with the stated directions under normal conditions of use. Buyer assumes the risk of any use contrary to such directions. Seller makes no other express or implied warranty of FITNESS or of MERCHANTABILITY, and no agent of Seller is authorized to do so except in writing with a specific reference to this warranty. In no event shall Seller's liability for any breach of warranty exceed the purchase price of the material as to which a claim is made.

PBS¹⁵⁰ G

**POLYFUNCTIONAL
BRANCHED SURFACTANT**

ACTIVE INGREDIENT:

13.5% . . . Polyhydroic Polyoxy Alkylene Ethers
86.5% . . . Porous Ceramic Carrier

NOT A PLANT FOOD INGREDIENT

**150 Day
Management of
Water Repellent Soils**

5484 S. Old Carriage Road
Rocky Mount, NC 27803
800-394-1551 • 252-937-4107

DIRECTIONS FOR USE

Fairways, Bunker Faces, Collars and Roughs

To achieve 75 days of water management, apply **PBS¹⁵⁰ G** at 4 lb per 1,000 sq. ft. (1.95 kg per 100 sq. meters).

For 150 days of water management, apply a second application of **PBS¹⁵⁰ G** at 4 lb per 1,000 sq. ft. (1.95 kg per 100 sq. meters) 10 - 14 days after the initial application.

Recommended Spreader Settings*

BRAND TYPE	SPREADER SETTINGS
	4 lbs.
Scotts (Pro Turf) R8A / Rotary	G
Spyker / Rotary	4.0

*To assure accurate applications, calibrate your spreader periodically.

Weight to Volume Equivalents for **PBS¹⁵⁰ G**

Granular Formulation:
4 lbs. = 8 fl. oz.
1.95 kg = 236.6 ml

IN CASE OF CONTACT

In Eyes – Immediately wash eyes with large amounts of water for at least 15 minutes, lifting the lower and upper lids. Seek medical attention IMMEDIATELY.

On Skin – Remove contaminated clothing and immediately wash contaminated area with large amounts of water for at least 15 minutes. If contact is made with the spray solution containing pesticides, follow the "Statement of Practical Treatment" on pesticide label. Seek medical attention.

If Swallowed – If person is conscious, immediately give large quantities of water and induce vomiting. Unless Otherwise Directed By Label On Pesticide(s). Do not induce vomiting or give fluids by mouth to an unconscious person. Seek medical attention immediately.

If Inhaled – Move person to fresh air and check to ensure adequate respiration. Seek medical attention immediately.

Applicators and other handlers should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove protective clothing and equipment after handling. Wash the outside of gloves before removing. Wash thoroughly and change into clean clothing.
