

# Recover™

# Granular

# AQUA-AID

**Recover Granular** formulated with Profile® is a soil surfactant treatment chemistry formulated to easily and effectively relieve existing water related problems such as localized dry spots or wet spots. **Recover Granular** is easy to use and will not harm turf when used in accordance with product directions. When used as directed, **Recover Granular** can be applied at anytime of the year when water repellency and/or localized dry spots impact the vigorous appearance of turfgrass.

### CAUTION

KEEP OUT OF THE REACH OF CHILDREN.  
MAY BE HARMFUL IF SWALLOWED.  
EYE IRRITANT.

Contains non-ionic wetting agents and surfactants. In case of eye contact, flush eyes with water. If swallowed, give water or milk. Call a physician.

### CONDITIONS OF SALE WARRANTY AND LIMITATION OF LIABILITY

AQUA-AID, INC. (Seller) warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with the stated directions under normal conditions of use. Buyer assumes the risk of any use contrary to such directions. Seller makes no other express or implied warranty of FITNESS or of MERCHANTABILITY, and no agent of Seller is authorized to do so except in writing with a specific reference to this warranty. In no event shall Seller's liability for any breach of warranty exceed the purchase price of the material as to which a claim is made.

### AQUA-AID GUARANTEE

**Recover Granular** comes with a 100% money back guarantee. If you are not satisfied with **Recover** for any reason after trying the product at recommended rates, AQUA-AID, INC. will refund your money in full.

Spyster / Rotary	3.5	3.9

\*To assure accurate applications, calibrate your spreader periodically.

Weight to Volume Equivalents for Recover Granular Formulation:  
2.5 lbs. = 6.3 fl.oz.

### ACTIVE INGREDIENT:

15.8% Polyalkylene Glycol  
84.2% Profile® Porous Ceramic

NOT A PLANT FOOD INGREDIENT

### DIRECTIONS FOR USE:

#### GENERAL TURF - Greens, Tees, Fairways, Lawns and Sports Turf

**Water Repellency Management Program:** Apply **Recover Granular** at 2.5 lb per 1,000 ft<sup>2</sup> (1.2 kg per 100 m<sup>2</sup>) on a weekly basis until turf conditions improve. Irrigation is necessary to release **Recover** off its carrier. Irrigate before next mowing or leave baskets off. Irrigation after application is required to remove the surfactant from the leaf surfaces.

**High Water Repellency Conditions:** If turf is under high water repellency conditions, begin with 3.75 lb per 1,000 ft<sup>2</sup> (1.8 kg per 100 m<sup>2</sup>) of **Recover Granular** and follow with 2.5 lb per 1,000 ft<sup>2</sup> (1.2 kg per 100 m<sup>2</sup>) on a weekly basis until turf conditions improve. Irrigation is necessary to release **Recover** off its carrier. Irrigate before next mowing or leave baskets off. Irrigation after application is required to remove the surfactant from the leaf surfaces.

**Seeding:** Apply **Recover Granular** at a rate of 2.5 lb per 1,000 ft<sup>2</sup> (1.2 kg per 100 m<sup>2</sup>) two weeks prior to seeding. Irrigation after application is required to remove the carrier and surfactant from leaf surfaces.

**Sodding:** After laying sod, broadcast **Recover Granular** at 2.5 lb per 1,000 ft<sup>2</sup> (1.2 kg per 100 m<sup>2</sup>). Irrigation after application is required to remove the carrier and surfactant from leaf surfaces.
