

Recover™

Treatment Soil Surfactant

GENERAL INFORMATION

Recover is a soil surfactant treatment chemistry formulated to easily and effectively relieve existing water related problems such as localized dry spots or wet spots.

Recover is easy to use and will not harm turf when used in accordance with product directions. When used as directed, **Recover** can be applied at anytime of the year when water repellency and/or localized dry spots impact the vigorous appearance of turfgrass.

CAUTION

KEEP OUT OF THE REACH OF CHILDREN.

MAY BE HARMFUL IF SWALLOWED.

EYE IRRITANT.

Contains non-ionic wetting agents and surfactants. In case of eye contact, flush eyes with water. If swallowed, give water or milk. Call a physician.

CONDITIONS OF SALE

WARRANTY AND LIMITATION OF LIABILITY

AQUA-AID, INC. (Seller) warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with the stated directions under normal conditions of use. Buyer assumes the risk of any use contrary to such directions. Seller makes no other express or implied warranty of FITNESS or of MERCHANTABILITY, and no agent of Seller is authorized to do so except in writing with a specific reference to this warranty. In no event shall Seller's liability for any breach of warranty exceed the purchase price of the material as to which a claim is made.

AQUA-AID GUARANTEE

Recover comes with a 100% money back guarantee. If you are not satisfied with Recover for any reason after trying the product at recommended rates, AQUA-AID, INC. will refund your money in full.

ACTIVE INGREDIENT: 40% Polyalkylene glycol

NOT A PLANT FOOD INGREDIENT

DIRECTIONS FOR USE GENERAL TURF

Greens, Tees, Fairways, Lawns and Sports Turf

Treatment Program: Apply **Recover** at 5 to 8 ounces per 1,000 ft² in 1 gallon of water (160 to 255 ml per 100 m² in 4 L) . Reapply at 5 to 8 ounces per 1,000 ft² in 1 gallon of water (160 to 255 ml per 100 m² in 4 L) on a weekly basis until turf conditions improve. Begin monthly treatment or apply as needed at 5 to 8 ounces per 1,000 ft² in 1 gallon of water (160 to 255 ml per 100 m² in 4 L). Irrigation is required after each application to remove **Recover** from the leaf surface.

Following Topdress Applications: To treat areas following topdress applications, apply **Recover** at 5 to 8 ounces per 1,000 ft² in 1 gallon of water (160 to 255 ml per 100 m² in 4 L). Reapply at 5 to 8 ounces per 1,000 ft² in 1 gallon of water (160 to 255 ml per 100 m² in 4 L) on a weekly basis as needed. Irrigation is required after each application to remove **Recover** from the leaf surface.

Sodding: Apply **Recover** to newly laid sod at 5 to 8 ounces per 1,000 ft² in 2 gallons of water (160 to 255 ml per 100 m² in 8 L). Irrigate well to distribute **Recover** throughout the rootzone. Irrigation is required after each application to remove **Recover** from the leaf surfaces.

DO NOT combine **Recover** in the spray tank with pesticides or fertilizers unless prior use has shown the combination physically compatible, effective and non-injurious under local conditions.
