

SPEEDTM (California)

ALSO CONTAINS NON-PLANT FOOD INGREDIENTS:

99.9% Polyether Polydimethyl Siloxane Copolymers
00.1% Formulation Aids

CAUTION: KEEP OUT OF REACH OF CHILDREN

PRECAUTIONARY STATEMENTS

Before using this product, read the entire label, including the conditions of sale. May cause irritation to skin and eyes. Ingestion of large amounts may cause mucosal irritation, dizziness nausea and possible vomiting.

STATEMENT OF PRACTICAL TREATMENT

If Swallowed: Give a large amount of water to drink. Induce vomiting. Seek medical attention immediately.

If Inhaled: Remove to fresh air.

If In eyes: Flush with water for 15 minutes. Seek medical attention immediately.

If On skin: Remove contaminated clothing. Wash skin contact area with plenty of soap and water.

GENERAL INFORMATION

SPEED is a low-foaming, low-use-rate nonionic surfactant. When applied to moist sand after top-dressing, SPEED reduces or eliminates the buildup of sand on mower reels, mower bed-knives and golf balls.

SPEED IS SUITABLE FOR USE ON GOLF COURSES, ATHLETIC FIELDS, BOWLING GREENS AND OTHER TURF AREAS WHERE SAND TOP-DRESSING IS A CULTURAL PRACTICE.

DIRECTIONS FOR USE

Do not use SPEED in applications containing boron, as unacceptable injury to turf may occur. Shake well before using.

APPLICATION TECHNIQUES

SPEED should be applied to moist sand to cover the entire sand particle. If SPEED is applied to dry top-dressing, follow the application with .1" of irrigation.

APPLICATION RATE

Apply SPEED at 10 – 14 ounces in 100 gallons of water.

MIXING

SPEED should not be tank-mixed with other products. To achieve the best results apply Speed alone and follow the directions for use listed above.

STORAGE AND DISPOSAL

Protect product from freezing. If product freezes, warm to room temperature before use. Store in original container only and do not reuse empty container. Rinse container thoroughly, disposing of rinsate and the containers in accordance with federal, state and local regulations.

CONDITIONS OF SALE

Read the information contained herein before buying or using this product. If the stated terms are unacceptable, return the product at once, unopened. It is critical that this product be used and mixed only as specified on this label. Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied, with respect to the results from the use of this material. Buyer and user assume all risks of use and/or handling. Precision Laboratories, Inc. warrants that this material is reasonably fit for use as specified on this label. No agent or representative is authorized to make any other representations concerning this material. Unforeseen factors beyond Precision's control prevent elimination of risks in connection with the use of its chemicals. Such risks include, but are not limited to, damage to plants and/or crops to which the material is applied, or lack of complete control and damage caused by drift to other plants and crops. Such risks may occur even though the product is reasonably fit for use as stated herein and even though label directions are followed. Follow directions carefully. Timing, mixture, method of application, weather and other conditions are influencing factors in the use of this product and are beyond the control of the seller. Except to the extent prohibited by applicable law, the exclusive remedy of the user or buyer and the limit of liability of the Company or any other Seller for any and all losses, personal injuries or damages resulting from the use of this product shall be the purchase price paid by the user or buyer for the quantity of product involved.
