

CAMPO≈VERDE

0-0-27

Potassium Carbonate Complex

Product Description:

- Campo Verde 0-0-27 Potassium Carbonate Complex is a high analysis liquid potash fertilizer that may be used in soil and foliar applications.
- Campo Verde 0-0-27 contains humic substances to increase nutrient availability and uptake
- It contains *no* chlorides and therefore has a low salt index. It is a stable liquid and can be used in injector and irrigation systems.
- Campo Verde 0-0-27 is an effective method of correcting low potassium levels in soils and plant tissue.

Guaranteed Minimum Analysis

Soluble Potash (K₂O)..... 27.0%

Derived From: Potassium Carbonate in a 4% active humic acid matrix.

General Use Guide

Golf Course Greens & Tees Professional Lawn Care	<ul style="list-style-type: none">▫ Apply 3.0 to 6.0 fluid ounces per 1000 sq. ft. in a minimum of 1.0 gallons spray solution per 1000 sq. ft.▫ Repeat application monthly during the growing season▫ Warm season turf may require more frequent application to achieve desired results
Golf Course Fairways Sports Turf	<ul style="list-style-type: none">▫ Apply 1.0 to 2.0 gallons per acre in sufficient water to achieve good coverage▫ Repeat application monthly during the growing season▫ Warm season turf may require more frequent applications to achieve desired results
Application Instructions	When preparing a tank mix, fill the sprayer 1/2 full of water. Add liquid or soluble fertilizers while agitating water. Continue agitation while adding remaining water, and the correct amount of Campo Verde 0-0-27 Potassium Carbonate Complex. Add herbicides, pesticides, and fungicides last while continuing agitation. Prior to making a tank mix combination with other chemicals and fertilizers, it is best to perform a jar test to confirm compatibility of the tank mix.

Caution Statement:

This product is alkaline. Handle with care. Use face and hand protection. Keep out of reach of children. In case of contact with exposed skin and/or eyes, flush immediately with water. If irritation persists, seek medical attention.
