

DEW CONTROL AGENT / SPREADER ADJUVANT/ PENETRANT SURFACTANT

ACTIVE INGREDIENT:
100% SILOXANE-COPOLYMER

CA Registration #1051059-50004-AA
All ingredients are exempt from the requirements
of a tolerance as specified in 40 CFR 180.1001 (c).

GENERAL INFORMATION

reDEWce™ is a new generation surfactant based on organo-modified siloxane technology for use in water-based pesticide formulations. **reDEWce** is a highly effective non-ionic wetter/spreader/penetrant. The effectiveness may allow the use of the lowest labeled pesticide rate at the lowest recommended surfactant level. Careful observation of spray application is recommended to determine proper and efficient pesticide application. This will optimize the pesticide and surfactant load levels. Read WARNING and precautionary statements carefully before use.

While **reDEWce** has been proven to be a highly efficient surfactant; timing, weather conditions, methods of application, crop conditions, and/or mixture with other chemicals not specifically recommended are beyond the control of the seller. Therefore, the user should carefully observe spray deposits, rate efficiencies, compatibilities and effectiveness in initial application and adjust the adjuvant rates accordingly.

DIRECTIONS FOR USE

Pesticide manufacturers may recommend a rate of nonionic surfactant to be used with their product. Follow the pesticide or active ingredient label recommendations on use of surfactant. However, if the pesticide or active ingredient label does not have a specific recommendation for surfactant use, but does not prohibit the use of a nonionic surfactant, **reDEWce** should be applied at the rates listed below. Careful observation of spray performance in a trial application with the combination of chemicals to be applied is recommended to determine proper and efficient surfactant rates.

AS A DEW CONTROL AGENT

reDEWce will suppress dew formation on turf areas such as athletic fields, tees, greens and fairways. Apply with a boom or hand sprayer to wet area thoroughly. Use a concentration of 0.2% **reDEWce** (25 ounces per 100 gallons / 500 ml per 250 liters). Use 2 gallons of spray solution per 1000 sq. ft. (8 liters per 100 sq. meters). Dew suppression will last for a period of 5 to 7 days depending on areas mowed.

MIXING INSTRUCTIONS

1. Fill tank to 2/3 to 3/4 full of water. If foaming is anticipated, add an anti-foaming agent before pesticide and **reDEWce**.
2. Add pesticide as directed by pesticide label
3. Continue agitation.
4. Add and continue filling tank while maintaining agitation.

Net Contents

- 1 Gallon (3.78 L)
- 4 Gallons (15.14 L)

Net Weight

- 8.49 Lbs (3.85 Kg)
- 33.96 Lbs (15.4 Kg)

PRECAUTIONARY STATEMENTS

Causes eye irritation, do not get in eyes. Harmful if absorbed through skin. Avoid contact with skin and clothing. Harmful if swallowed. Avoid breathing vapor or mist. Avoid using product in a manner as to directly, or through drift, expose workers or other persons. Always follow the precautionary statements on the label of the pesticide(s) or micro nutrients that are to be used with **reDEWce**. Always consult the material safety data sheet for specific instructions. Applicators and other handlers must wear goggles or a facial splash shield; chemical resistant gloves, such as nitrile rubber \geq 14 mils or neoprene rubber \geq 14 mils; coveralls or long sleeved shirt and long pants; shoes plus socks and mist filtering respirator.

KEEP OUT OF REACH OF CHILDREN.

IN CASE OF CONTACT

In Eyes – Immediately wash eyes with large amounts of water for at least 15 minutes, lifting the lower and upper lids. Seek medical attention IMMEDIATELY.

On Skin – Remove contaminated clothing and immediately wash contaminated area with large amounts of water for at least 15 minutes. If contact is made with the spray solution containing pesticides, follow the “Statement of Practical Treatment” on pesticide label. Seek medical attention.

If Swallowed – If person is conscious, immediately give large quantities of water and induce vomiting. *Unless Otherwise Directed By Label On Pesticide(S)*. Do not induce vomiting or give fluids by mouth to an unconscious person. Seek medical attention immediately.

If Inhaled – Move person to fresh air and check to ensure adequate respiration. Seek medical attention immediately.

Applicators and other handlers should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove protective clothing and equipment after handling. Wash the outside of gloves before removing. Wash thoroughly and change into clean clothing.

IN CASE OF EMERGENCY OR SPILL

Contact CHEMTREC at 1-800-424-9300
NJ Trade Secrecy Nos. 800937-5081P/800937-5068P

STORAGE AND DISPOSAL

- Keep container tightly closed. Store in original container only. Keep in a secure and locked storage area. do not add water to the contents of this container.
- Triple rinse container, empty rinse water into spray tank. Dispose of empty container in accordance with federal, state and local law.

CONDITIONS OF SALE

WARRANTY AND LIMITATION OF LIABILITY

AQUA-AID, INC. (Seller) warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with the stated directions under normal conditions of use. Buyer assumes the risk of any use contrary to such directions. Seller makes no other express or implied warranty of FITNESS or of MERCHANTABILITY, and no agent of Seller is authorized to do so except in writing with a specific reference to this warranty. In no event shall Seller's liability for any breach of warranty exceed the purchase price of the material as to which a claim is made.
